01.ABOUT SOLPUFF GRLS

SOLPUFF GIRLS

Sugar, Spice, and everything nice
These were the ingredient chosen to create the perfect little girls.

But Professor Utonium Accidentally Added an Extra Ingredient to the concoction SOLANA

Thus, The SOLPUFF girls were born using their Ultara Superpowers Blossol, Bubblesol and Buttersol.
Each have dedicated their lives to fighting Memes and the Bearish Force in the Solana Space.
EVERY STORY HAS A BEGINNING WITH SOLANA BLOCKCHAIN

Community driven:

This project aims to be a community driven project, embracing its philanthropic spirit but also revolutionizing the concept of passive reward within crypto.

We plan to kill all other popular memes MC on our way to join the billion gang memes.

Empowering the Community Through Staking:

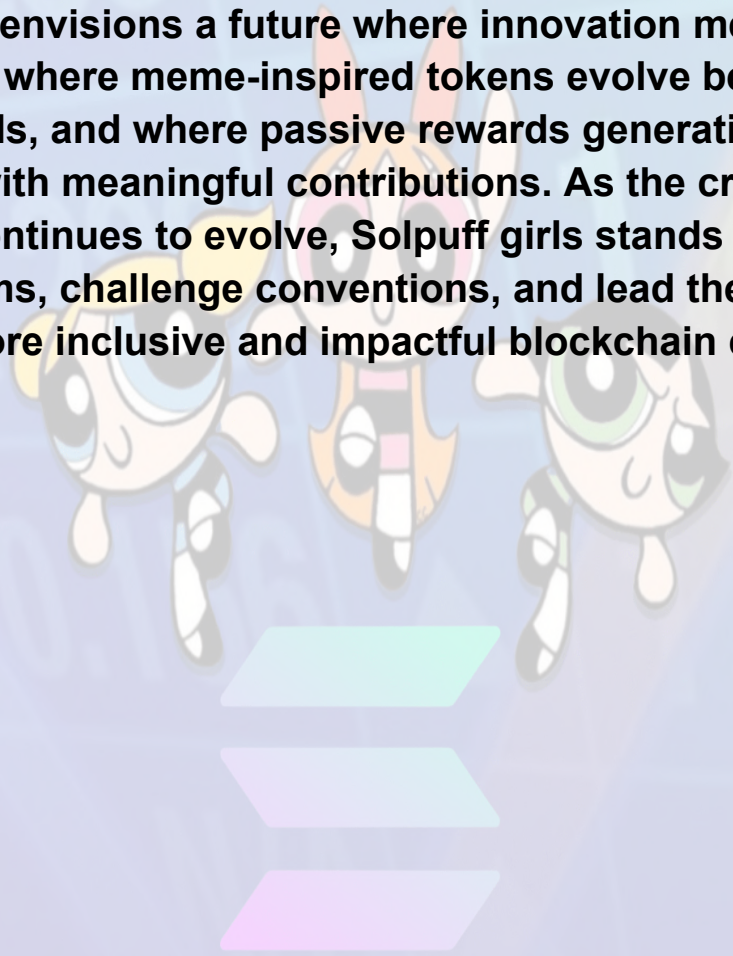

At the heart of Solpuff girls lies an ingenious staking mechanism that empowers its holders to actively participate in the network while earning rewards. Through on-chain staking, holders contribute to the token's ecosystem stability, security, and growth, all while passively accruing additional tokens. This approach not only fosters a sense of ownership but also amplifies the token's utility, underscoring its potential as a dynamic and self-sustaining entity.

More Than a Meme:

A Force for Good: Inheriting the spirit of its dogwifhat, solpuff girls is committed to making a positive impact. Aligned with the principle of "Do Only Good Everyday," the token transcends the digital realm, channeling its influence to support charitable initiatives, community projects, and noble causes. By infusing purpose into the very fabric of its existence, solpuff girls takes its place as a symbol of benevolence in a space often characterized by speculation.

Charting the Future:

Solpuff Girls envisions a future where innovation meets compassion, where meme-inspired tokens evolve beyond internet trends, and where passive rewards generation intertwines with meaningful contributions. As the crypto landscape continues to evolve, Solpuff girls stands ready to redefine norms, challenge conventions, and lead the way towards a more inclusive and impactful blockchain ecosystem.

**ROADMAP:
PAVING THE PATH TO
SUCCESS**

A graphic with a light blue background featuring faint numbers and a large yellow arrow pointing upwards and to the right. In the center, three Solpuffgirls characters are walking along a path of three colored steps (green, blue, purple). The text 'ROADMAP: PAVING THE PATH TO SUCCESS' is overlaid in bold black letters.

02.ROADMAP: PAVING THE PATH TO SUCCESS

Phase 1: Presale and Marketing

Solpuff Girls begins its journey by ensuring a level playing field for all investors through a fair and transparent presale. A portion of the funds raised during the presale will be dedicated to crafting a professional and comprehensive marketing strategy. This strategy will lay the groundwork for broader awareness and adoption, setting the stage for the token's future growth.

Phase 2: Early Staking Incentive

In this phase, the early supporters and buyers of SPG from the presale will be offered a unique opportunity. They will have the chance to stake their tokens directly into the smart contract even before the official listing day. This strategic move is designed to provide them with a high early Annual Percentage Yield (APY) advantage, setting the tone for the token's staking ecosystem.

Phase 3: Presale Token Claiming

To ensure an equitable launch, presale buyers of SPG will be granted the ability to claim their tokens simultaneously with the DEX listing. This simultaneous release will foster trust and maintain the integrity of the project, ensuring that all participants have an equal footing in the token's distribution.

Phase 4: DEX Launch on Raydium and Jupiter The highly anticipated moment arrives as **SPG** makes its debut on **Jupiter**, one of the world's largest decentralized exchange. This strategic choice of platform guarantees a seamless trading experience for users, offering them the best possible environment to buy, sell, and interact with **SPG**. The early liquidity provided by Raydium and Jupiter listing will serve as a solid foundation for the token's market presence.

Phase 5: Allocated Liquidity Provision

Continuing the commitment to establishing a robust ecosystem, the team dedicates **SPG** a significant portion of its resources to adding liquidity to the DEX pool. This liquidity provision is made possible by allocating 10% of the total token supply. This move ensures that the token maintains healthy trading volumes and minimizes potential volatility, safeguarding the interests of both early and future investors.

Phase 6: Long-Term Staking for Passive Rewards

As Solpuff Girls establishes its presence in the crypto space, the focus shifts to ensuring sustained value and rewards for its holders. This feature enables token holders to engage in long-term staking, generating passive rewards based on a proven and trusted model. **Looking Ahead: A Future of Innovation and Impact** As Solpuff Girls progresses through its roadmap, it remains committed to the principles of fairness, innovation, and community engagement. The journey ahead

holds the promise of further enhancing the token's utility, amplifying its reach, and contributing positively to the crypto landscape. Together, we forge a path towards a more inclusive and prosperous blockchain future.

03.

TOKENOMICS: FUELING GROWTH AND SUSTAINABILITY

03.TOKENOMICS: FUELING GROWTH AND SUSTAINABILITY

Token Allocation Presale: 25.00%

The presale phase constitutes a significant portion of the initial token distribution, fostering an equitable entry point for early supporters and investors. This allocation will empower those who believe in the vision of Solpuff Girls and want to actively participate in its journey from the outset.

Marketing: 25.00%

Key to SPG future success will be a comprehensive growth marketing campaign designed to target active meme coin traders and attract long-term supporters. SPG will be seen on all the major crypto traffic platforms that matter.

Treasury: 25.00%

This reserve is intended to support the project's long-term sustainability and development, providing financial resources for future endeavors and operational needs.

Staking: 15.00%

A substantial portion of tokens is designated for staking, incentivizing holders to contribute to the network's stability and growth while earning rewards. This allocation encourages active engagement and reinforces the community-driven nature of SPG

Solpuff Girls DEX Liquidity: 10.00% Recognizing the importance of liquidity for a thriving ecosystem, SPG allocates a portion of its tokens to provide liquidity on decentralized exchanges. This initiative enhances the trading experience, supports price stability, and ensures smoother market operations

04.

**STAKING:
UNLOCKING PASSIVE
REWARDS WITH
SOLPUFF GIRLS**

04. STAKING: UNLOCKING PASSIVE REWARDS WITH SOLPUFF GIRLS

Staking Allocation Year 1:

12.50% In its first year, SPG rewards early stakers with a substantial share of the staking pool. This initiative recognizes and appreciates the loyalty and commitment of those who contribute to the network's growth during its initial phase.

Year 2: 2.50%

The second year continues to incentivize staking, albeit at a slightly reduced rate. This approach ensures that the community continues to be rewarded for their participation while also accounting for the evolving dynamics of the ecosystem.

Seamless Staking Experience Engaging with Solpuff Girls staking mechanism is straightforward and user-friendly. Through intuitive interfaces and smart contracts, you can stake your tokens with ease, instantly becoming part of the network's growth story. As you stake, your SPG tokens actively participate in securing the network and validating transactions, earning rewards in return.

Empowering the Community

Solpuff Girls tokenomics structure is meticulously crafted to empower its community members, investors, and enthusiasts. Through a judicious distribution of tokens and a sustainable staking mechanism, the project aims to foster an ecosystem where active participation is rewarded and long-term sustainability is ensured.
